

Create a simple cloud software application for Property Buying & Rental process (In Chennai city) using any Cloud Service Provider to demonstrate SaaS include the necessary fields such as Buy, Rent, commercial, Rental Agreement , Rental Agreement, Area, place, Range, property value etc.

The screenshot displays the Zoho Creator interface for editing a 'Real Estate Sell' form. The left sidebar shows a navigation menu with 'Buy', 'Sell', 'Sell Report', and a user profile '20CSE455 A. T...'. The main workspace shows the form layout with sections for 'Owner Details', 'Phone' (with a dropdown for country code '+91' and a text field for '81234 56789'), 'Land Details', and 'Price Of The Land'. At the bottom of the form are 'Submit' and 'Reset' buttons. The right sidebar, titled 'Form Customization - Web', shows 'Label placement' options with various input field templates. The top navigation bar includes 'Design', 'Workflow', 'Settings', 'Upgrade', and 'Access Development Live'.

Step 1: Create your application

The screenshot shows the Zoho Creator 'User details' form builder interface. The left sidebar, 'Basic Fields', contains icons for Name, Email, Address, Phone, Single Line, Multi Line, Number, and Date. The main workspace displays the form structure with fields for Name, Email, Address, and Phone. The right sidebar, 'Field Properties', shows settings for the selected 'Phone' field, including 'Field name' (Phone), 'Field link name' (Phone\_Number), 'View Field References', 'Validation' (Mandatory, No duplicate values), 'Data Privacy' (Contains personal data (PII)), and 'Data Security' (Encrypt data). The top navigation bar includes 'Done' and a 'Trial expires in 14 days' message.

Step 2: Create forms for your application.

Create a simple cloud software application for Property Buying & Rental process (In Chennai city) using any Cloud Service Provider to demonstrate SaaS include the necessary fields such as Buy, Rent, commercial, Rental Agreement , Rental Agreement, Area, place, Range, property value etc.

The screenshot shows a web browser window displaying a Zoho Creator application titled 'Real Estate'. The left sidebar contains a menu with 'Buy', 'Sell', 'User Details', and 'All User Details'. The 'User Details' option is selected, and the main content area shows a form titled 'User details'. The form includes fields for Name (First Name and Last Name), Email, Address (Address Line 1 and Address Line 2), City / District, State / Province, Postal Code, Country, and Phone. The phone number is pre-filled with '+91 81234 56789'.

Step 3: This is the interface for the form you created

The screenshot shows the same Zoho Creator application, but now the 'Sell' option is selected in the sidebar. The main content area displays a form titled 'Sell'. The form includes fields for Owner Details, Phone (pre-filled with '+91 81234 56789'), Land Details, and Price Of The Land. At the bottom of the form, there are 'Submit' and 'Reset' buttons.
