Create a simple cloud software application for Flight Reservation System using any Cloud Service Provider to demonstrate SaaS include the necessary fields such as one-way, round trip, From, to, Departure, Departure, Travelers & Class, Fare Type, International and Domestic Flights etc.

## Step 2: Create a Application

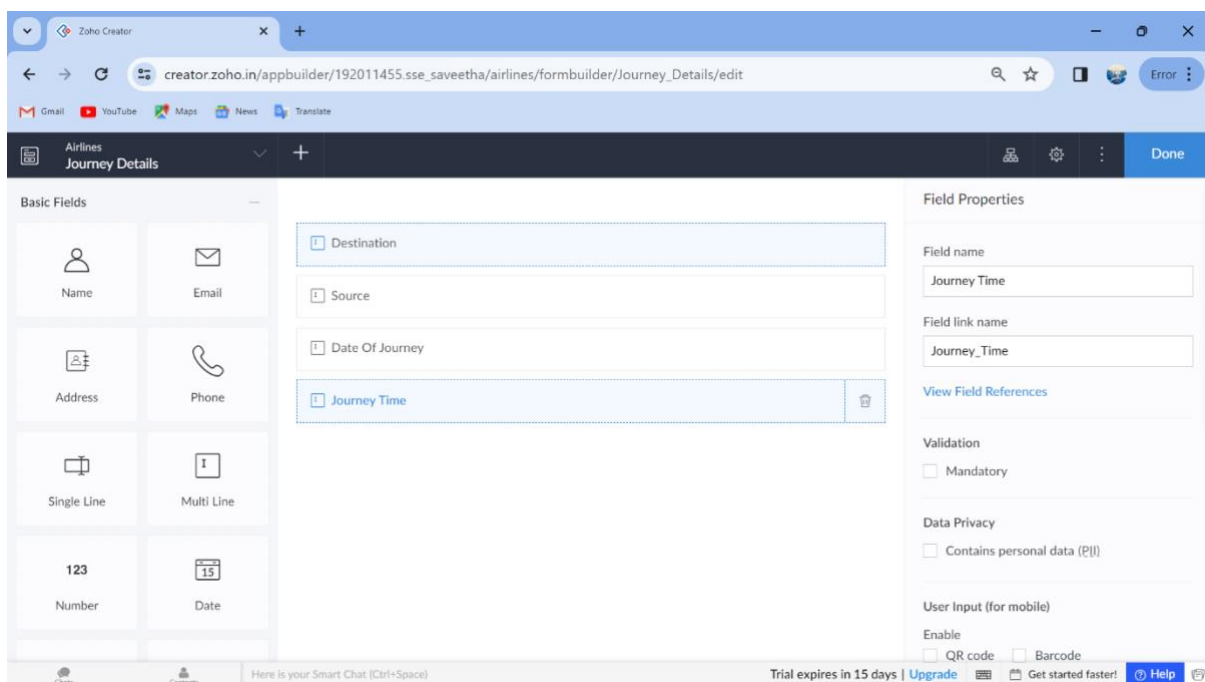

The screenshot shows a web browser window with the URL `creatorapp.zoho.in/192011455.sse_saveetha/environment/development/airlines/#Form:Passenger_Details`. The page displays a form titled "Passenger Details" with the following fields:

- Name: Two input boxes for "First Name" and "Last Name".
- Email: A single input box.
- Address: Two input boxes for "Address Line 1" and "Address Line 2".
- City / District: An input box.
- State / Province: A dropdown menu.
- Postal Code: An input box.
- Country: A dropdown menu.
- Phone: An input box with a country code dropdown (currently set to +91) and a phone number (81234 56789).

The left sidebar shows the "Airlines" application structure with "Passenger Details" selected. The top navigation bar includes "View as", "Trial expires in 15 days", "Upgrade", "Edit this application", and "Help".

## Step 3: Create the required forms

The screenshot shows a web browser window with the URL `creator.zoho.in/appbuilder/192011455.sse_saveetha/airlines/formbuilder/Journey_Details/edit`. The page displays a form titled "Journey Details" in edit mode. The form is divided into two main sections:

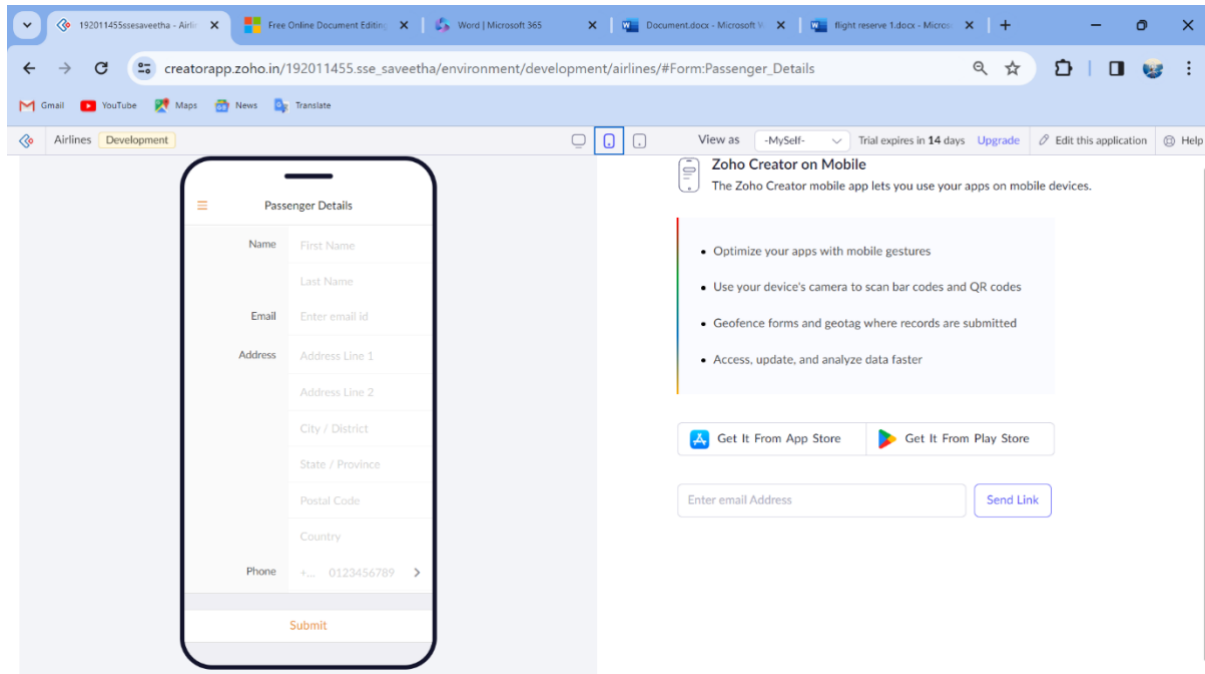

- Basic Fields:** A grid of fields including Name, Email, Address, Phone, Single Line, Multi Line, Number, and Date.
- Field Properties:** A panel on the right showing the properties for the selected "Journey Time" field. It includes fields for "Field name" (Journey Time), "Field link name" (Journey\_Time), "Validation" (Mandatory), "Data Privacy" (Contains personal data (PII)), and "User Input (for mobile)" (Enable).

The bottom of the page shows a "Trial expires in 15 days" message, "Upgrade", "Get started faster!", and "Help" buttons.

## Step 4: Add the required details in the form
